Did you know?

- We're happy that you're here and look forward to creating the perfect experience for you. If you have any questions, please do not hesitate to ask!
- We opened in 2017 and are a one-of-a-kind concept.
- The name "Neef Rob" translates to Cousin Rob and stands for "gezellig" which is a Dutch word meaning coziness and the feeling of good family times at home.
- The very building in which you sit was built in 1795. The long red brick wall is original and you can still see where two original windows were.
- Our selection of teas includes over 100 types from familiar teas like Earl Grey to the more exotic like white tea with lavender and the Japanese Sencha with prickly pear cactus fruit. Our Zomer Zotheid tea creates the PERFECT iced tea!
- We've worked closely with two coffee roasteries to develop the coffees we sell. Selected, blended and roasted especially for us. The coffees are shipped whole bean to guarantee freshness, but don't worry, we can grind them here to ensure the correct grind for use at home in your own coffee machine.
- The building you are sitting in was built in 1795, and the long stone wall is still the original wall? The 2 arches in these walls used to be windows through which you had an unobstructed view to the church.
- We send our coffee and tea to Belgium, France, Germany and more.
- Our webshop is in several languages
- we have our own coffee liqueurs. Ask us for more info.
- The coffee beans are roasted at the last minute to guarantee freshness longer that way.
-
- We grind the coffee on demand so you have the right grinding for your machine at home.
- Our playlists are also all on Spotify so you can enjoy our music at home or at work. Just search for Neef Rob. (Cousin Rob)
- We have therefore named our coffee after our loved ones, taking into account the character traits of these individuals that are reflected in the coffee.

→ One of the few rules with us is:

On weekends, we enjoy each other's presence and sociability here and want to give everyone the opportunity to do so, including the table next to you. We therefore ask you not to work on a laptop or other device during the weekend. We hope you will respect this.
